SWAN LAKE

On Screen

THE WORLD'S MOST LOVED BALLET

STARRING

NATALIA OSIPOVA & MATTHEW GOLDING

Anthony Dowell's classic production of the world's most loved ballet, *Swan Lake*, will be screened in cinemas around New Zealand this May. An irresistible combination of **Tchaikovsky's** famous score, tragic romance and breath-taking choreography for the entire company, *Swan Lake*

stars Russian Principal **Natalia Osipova** as Odette/Odile with Canadian Principal **Matthew Golding** as Prince Siegfried,

The dual role of Odette (the white swan) and Odile (the black swan), is one of the most challenging in the ballet repertory and requires the portrayal of both the gentle and vulnerable swan princess Odette and her predatory alter ego Odile. It's the role every ballerina dreams of dancing.

Dancing in perfect synchronisation in the lakeside scenes the *corps de ballet*, an array of swans in spectacular white tutus, give the production a lyric beauty and the designs of **Yolanda Sonnabend** combine the decadent style of the Imperial Russian Court with a fantasy of dark, gothic, glamour for the bravura spectacle of the court. A combination that makes this production the perfect cinema event for ballet lovers and newcomers alike.

Ross McGibbon, a former member of The Royal Ballet, directs the live cinema production which also includes exclusive backstage footage and interviews with the cast and crew.
